CONNECTICUT STATE  
UNIVERSITY SYSTEM FOUNDATION

Keynote Speaker

## *Chandler J. Howard*

Chandler J. Howard, president and chief executive officer of Liberty Bank, is widely regarded as one of the state's top banking executives. A Connecticut native, his banking career started as a part-time teller when he returned home from service in Vietnam. He built his family, and career, as he continued his education, first at Housatonic Community

College, then the University of Connecticut, and ultimately earned his Master's Degree in Management at Rensselaer at Hartford.

Before joining Liberty Bank, Mr. Howard was president of First City Fund Corporation, responsible for the development of New Haven's new Community Development Bank. Previously, he served as President and CEO of Connecticut Innovations, president of Bank of America-Connecticut, and Chairman and CEO of Fleet Bank-Connecticut.

Under his leadership, Liberty Bank is one of the state's most progressive banks, continually enhancing its products and services. In 2011, Liberty opened its 42nd branch, and has grown steadily to a full-service financial institution.

Mr. Howard is the immediate past chairman of Connecticut's Charter Oak State College and served on the Governor's Task Force on the Future of the Regional Vocational-Technical High School System. He is President of the Liberty Bank Foundation, and has provided direct support for Liberty's ongoing tradition of awarding a variety of continuing education scholarships.

Please Join the Connecticut State University System Foundation as we honor 12 outstanding seniors from Central, Eastern, Southern and Western Connecticut State Universities.

---
